

Education is not a subject and does not deal  
in subjects. It is instead a transfer of a  
*way of life.*

We don't want education to make us a  
better version of ourselves. We want to  
*live in Christ.*

All of Christ for...  
*all of life.*

*Our Legacy*  
**OUR FUTURE**

**STRONG MINDS. SOFT HEARTS. RICH SOULS.**

Unless the *Lord* builds the house,  
the builders labor in vain. Psalm 127:1

# Ways to Give

## MAKE A PLEDGE

A pledge is a commitment made in good faith, allowing you to spread your payments over a three-year period. See the pledge card herein to make your commitment.

## GIFTS OF APPRECIATED SECURITIES & OTHER PROPERTY

On securities and property subject to long-term capital gains, full current value is usually deductible, and the donor avoids capital gains tax on the profit.

## CORPORATE MATCHING GIFTS

Donors whose employers match charitable contributions to schools may further enhance a gift to our campaign. Please contact the appropriate office within your company or our office at Providence School of Tifton to find out if your employer or parent corporation will match your gift.

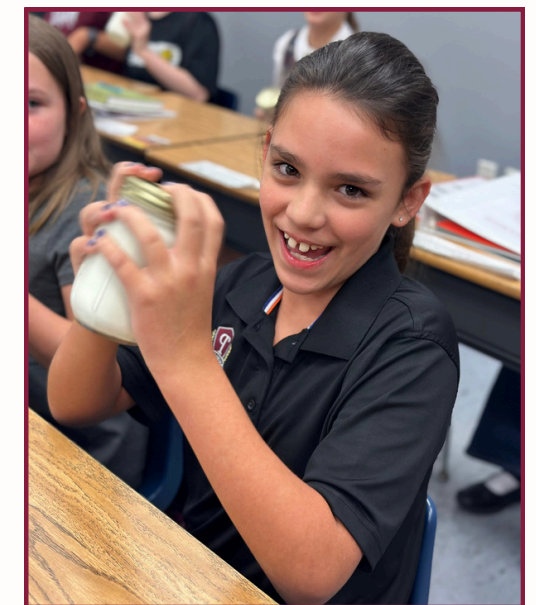

## WILLS & BEQUESTS

Wills and bequests permit donors to commit assets that they might need during their lifetimes, allowing significantly larger gifts and reducing estate taxes.

***Please consult your tax advisor to determine the implications of the options listed above.***

## GIFTS OF CASH

When you make a cash gift you are entitled to a charitable deduction against income in the year in which you make the gift. Providence is a nonprofit organization, listed as a 501(c)3 entity.

# *Blessings* AND URGENCY

Providence School has reached occupancy on the first level of our 10,000-square-foot space. We are still in the process of meeting the immediate, mid-term, and long-term needs of our students as we move forward with the renovation of the second level and the rooftop outdoor space. The excellent, Christ-centered, classical education that Providence provides to the Tifton community will change lives now and for years to come. The permanency of owning our building will allow us to meet the increasing demands of our city and their families.

## *Achievement* THROUGH PARTICIPATION

Our Founding Families gave for Providence to begin in 2020. Now you have the opportunity to give as well! Will you join us? We are asking everyone to prayerfully consider investing in a permanent home for Providence School of Tifton - in the heart of downtown. This \$1,000,000 project will require a significant commitment from our families and community to become a reality. Every prayer counts. Every dollar counts. We are grateful and humbled by your support!

# *Our Legacy* OUR FUTURE

**Assisting families with educating their children in the instruction of our Lord by cultivating a love of learning, Christian virtue, and the knowledge necessary for them to excel in every duty God calls them to throughout their lives.**

When we become parents we choose to lay a foundation for our children - whether intentionally or unintentionally. The foundation can be soft and crumble with time, or it can be firm, withstanding the storms of life. First Corinthians 3:10 encourages us: "According to the grace of God given to me, like a skilled master builder I laid a foundation, and someone else is building upon it..." The foundation we lay will be built upon. It will be tested throughout our children's lives. Are you laying a firm foundation? Together, we can solidify one that will remain standing through wind or hail, rain or shine. Educator Matt Whitling once said, "Raising kids is a timed event with eternal consequences." The foundation you lay truly matters.

*With humility, gratitude, and great expectation for the future,*

## *Our Story*

Providence School of Tifton was founded by four families with a strong conviction that Tifton was in need of a quality Christian school. At its core, our vision was for a school that was academically rigorous, mission-minded, accessible, and unapologetically Christian. After much prayer and research, we fell upon classical Christian education and haven't looked back. Due to classical Christian education (CCE) training students *how* to think in addition to *what* to think, we knew that this type of education would powerfully prepare our students for a life lived in glory to God alone.

On August 7, 2020, we opened our doors to 35 students, 22 families, and 4 faculty members. In four years we have grown to 71 students, 48 families, and 13 faculty members from JK2 to Class Ten. The families in our school community represent more than fifteen local churches and five ethnicities. Additionally, we are one of only three accredited classical Christian schools in the South-central Georgia region.

Our curriculum is planned with the end in mind, focusing on planting, nourishing, and cultivating the souls of our students to watch them bear fruit as forty-, fifty-, and sixty-year-old men and women of God. We administered our first standardized test in 2023, which showed our students averaging up to four grades higher than the national averages for public and private schools.

*Soli Deo Gloria! Glory to God Alone!*

## Table of Giving

The total projected cost for "Building a Legacy" for our future is \$1,000,000. We have reached the goal of occupancy in the first level, and the second level and the outdoor space are left to complete. Second-level renovations include a large space for gatherings and other school-wide events and classrooms. The rooftop will transform into useable space for outdoor gatherings, recess, lunch, and nature studies. It also includes owning the building - free and clear - within seven years. This positions us for the growth that is to come and the ability to purchase viable properties around us as the need and availability arises.

Giving per year	Monthly equivalent	Total giving over 3 years	Number of pledges needed
\$50,000	\$4,166	\$150,000	3
\$25,000	\$2,083	\$75,000	3
\$10,000	\$833	\$30,000	7
\$6,000	\$500	\$18,000	7
\$3,000	\$250	\$9,000	10
\$1,200	\$100	\$3,600	10
\$600	\$50	\$1,800	12
\$240	\$20	\$720	12

When all slots on the Table of Giving have been fulfilled, we will have raised \$1,167,200. This provides a projected surplus of \$167,240 to be used to further the mission and vision of Providence through scholarships, specialized educational programming, and the build-out of the School of Rhetoric.

# Phase Four

In Phase Four, we are building for longevity, and in this phase we will raise the remaining 80% of the total cost of *owning* the building - \$600,000 - and have a sustainable, reliable building for the long-term use and growth of our students, families, and faculty of Providence School of Tifton.

**WHAT:** Longevity - raise the remaining 80% of the cost of the building

**WHEN:** By June 30, 2031

**HOW MUCH:** \$600,000

**WHERE:** 508 Main Street, Downtown Tifton

## Make your pledge now!

# OUR FUTURE

As we look to the future, we see independence, growth, and willing hands to serve our students and community. In the heart of downtown Tifton, we are

building a permanent home for Providence School in order to continue providing an excellent, classical and Christian education for our community.

This 10,000 square-foot building provides the space to meet current classroom needs and to expand through Class Twelve in future years. The Four-Phase initiative has already begun. Let's continue moving forward to meet the immediate and future needs of our families and the Tifton community.

*Thank you to everyone that has given to "Building a Legacy" since May! We have received individual gifts and pledges, and we're on track to open the second floor this winter - but we need your help! We have both operational and beautification projects to finish so that we can expand occupancy in this great space for our growing school to use. We are on our way to completing Phase One of the four-phase initiative.*

## Phase One

A tremendous thank you goes to an anonymous sponsor for giving a \$150,000 matching donation toward scholarships for our families. This generous donor challenges us to raise an equal amount, \$150,000, for the Building a Legacy campaign. These funds will be used to open the second floor this winter!

**WHAT:** Occupancy on the second floor

**WHEN:** By January 2025

**HOW MUCH:** \$150,000

**WHERE:** 508 Main Street, Downtown Tifton

- Adding partition walls
- Adding doors for separate classrooms
- Installation of fire alarm system
- Fire escapes from second floor to ground level
- Building and installing stairwells: interior and exterior

## Phase Two

Upon completion of Phase One, we will immediately begin pursuing Phases Two and Three simultaneously. In Phase Two, we will raise 20% of the total cost of the building - \$150,000 - and build sustainability and reliability for our families, staff, and community.

**WHAT:** Sustainability and reliability

**WHEN:** By June 30, 2026

**HOW MUCH:** \$75,000 (Yes, we have a second matching gift of \$75,000 already committed to Phase Two!)

**WHERE:** 508 Main Street, Downtown Tifton

## Phase Three

Phase Three is the build-out of the rooftop which will be used for recess, school-wide events, nature study programs, and outdoor dining. This space will be full of life for our students, staff, and families. The projected need for Phase Three is \$150,000.

**WHAT:** Rooftop Outdoor Area

**WHEN:** By July 1, 2026

**HOW MUCH:** \$150,000

**WHERE:** Rooftop of Providence School

- Build barrier along edge of rooftop
- Installation of turf grass
- Running track inside of the perimeter
- Seating for outdoor dining
- Outdoor classroom enmities
- Greenhouse/Garden beds
- Shading canopies
